Gluten Free

40% ABV

Proudly Distilled
and Produced in
Telluride, Colorado

Vapor infused with eight botanicals, including hand-picked Rocky Mountain Juniper, our Gin is an exceptionally complex, yet a light and refreshing spirit. Even though our botanicals are heavy on juniper, coriander, and angelica root, the vapor infusion process allows the bright citrus and floral notes of the lemon peel, orange peel, rose hips, lavender, and orris root to shine bright and bring perfect accents to our Gin.
