OUR SPIRITS

Vodka

Based on the history of the mining camps surrounding Telluride, CO, where four to five tons of sugar were brought in by railway each week specifically to make vodka. We kept that tradition alive by using 100% sugar cane, which creates a premium and ultra-smooth vodka. With the sugarcane base, it boasts a luxuriously, creamy mouthfeel that is odorless and tasteless. Our vodka was a bronze medal winner at the San Francisco World Spirits Competition (40% ABV, gluten free).

Gin

Vapor infused with eight botanicals, including hand-picked Rocky Mountain Juniper, our gin is an exceptionally complex, yet a light and refreshing spirit. Even though our botanicals are heavy on juniper, coriander and angelica root, the vapor infusion process allows the bright citrus and floral notes of the lemon peel, orange peel, rose hips, lavender and orris root to shine bright and bring the perfect accents to this spirit. Our gin was voted as a “top 100 best buy” nationwide in 2021 by Wine Enthusiast (40% ABV, gluten free).

Mountain Mash Whiskey

Distilled from a Rye/Barley blend and aged at least two years in a mixture of new charred oak and used red wine, port and sherry casks. Our Mountain Mash Whiskey boasts classic rye spice, oak honey and citrus. Each batch consists of three selected barrels, which have their own characteristics and unique subtleties. Due to the high elevation and dryness of Telluride, the angel share loss is higher than others, but we feel it concentrates those flavors in each barrel and mellows out the intensity. The mash bill is 95% rye, 5% barley (46% ABV).

Chairlift Warmer Peppermint Schnapps

As a ski town favorite and based on a European Alps recipe, we have taken this classic and elevated it to another level. Our schnapps features a clean, sweet and authentic peppermint flavor. Without the syrup aftertaste, our product boasts zero artificial adjuncts, such as propylene glycol that is often found in other schnapps brands. The Chairlift Warmer was a Gold Medal Winner at the San Francisco World Spirits Competition (50% ABV, gluten free).

Agave

This reposado style spirit is distilled from 100% organic blue agave from Jalisco Mexico. It boasts an aroma of oak, vanilla and pepper spice as well as, offers a flavor profile of soft citrus, honey and baking spice. After distillation, the spirit is aged in stainless on oak spirals for two plus months (40% ABV).
